Re: Review of Draft Final Remedial Investigation/Risk Assessment
for CD Landfill

Dear Mr. Gray:

Provided as enclosure (1), for your review and comment, is a copy of the Draft Final Site Remedial Investigation/Risk Assessment (RI/RA) for CD Landfill. The RI/RA determines the nature and extent of contamination at the CD Landfill and surrounding areas, identifies possible pathways of contamination, and assesses the possible risk to human health and the environment.

The Draft Final RI/RA for CD Landfill will also be discussed and reviewed at the next RAB meeting, scheduled for Thursday, September 7, 1995. The meeting will begin at 7:00 p.m. in the Conference Room at the Navy Lodge, 7811 Hampton Blvd.

Please direct comments or questions to Dianne Bailey at 444-3009 or by fax at 444-3000 by September 15, 1995.

Sincerely,

SHARON L. WALIGORA
Director, Hazardous Waste Division
By direction of the Commander
